

What is FASTIP?

BKT and “Aleksandër Moisiu” University in Durres are working together as equal partners in a Public-Private Partnership, where the state and bank share the responsibility for the entire studying program with both academic and practical orientation.

For the seventh year BKT sponsors students that want to study in the “Bank Management” Branch in FASTIP. There are 62 employees graduated from FASTIP that are part of BKT success.

ACADEMIC & PRACTICAL LEARNING

Students will have their theoretical part in University and Practice Phase in the Bank, so FASTIP program is the mixture of theory and practice. It is an excellent possibility to learn and put in practice your knowledge in Bank during practice.

After three years of intensive studies and an academic final project, the graduate will be awarded with “Bachelor of Arts” Degree. All programs of the University Aleksander Moisiu Durres have been accredited by the Ministry of Education and Science.

INTERNATIONAL, BANKING EXPERIENCES AND ORIENTATION

In addition to the professors of FASTIP, the lecturers of universities as well as qualified practitioners from the banking system teach contents of their relevant special fields; most of the professors are foreigners. Moreover, all subjects are taught in English.

GUARANTEED CHANCES IN THE LABOUR MARKET

In the end of the studies, the Bank will offer to the best graduated students the work contract based on their performance and the bank organizational needs. Immediately after completion of their studies, the graduates are able to independently take on demanding tasks in the bank. They will prove their special professional competence in interesting banking positions.
